Dear Mr. Neeraj Kanwar,

Project ID 0531: Verra grants the exemption request submitted on 06 April 2024.

Verra grants the request for an exemption for the continued use of the *VCS Monitoring Report Template, v.4.2* to Project ID 0531 - 1 MW Jiwa Small Hydel Project in Kullu, Himachal Pradesh for the monitoring period starting from 04 January 2009 to 03 January 2017.

Rationale:

Effective from 01 March 2024, project proponents are expected to use *VCS Monitoring Report Template v4.3*. Verra grants this one-time exemption with leniency because the project proponent completed the verification process on 29 February 2024. However, there were issues with other project-related documents that caused the project to miss the deadline.

Exemptions are granted by Verra on a case-by-case basis and do not form the basis of, or set a precedent for, future exemption request approvals or denials. This letter will be uploaded to the Verra Registry as a public document.

Sincerely,

Neha Rao Negi
Director, Energy and Industry Certification
