**Sub:- Bulk power supply at 132 KV to your proposed premises at
Sadatpur, Dist- Paschim Medinipur**

Dear Sirs,

You applied for bulk power supply at 132 KV to your premises as aforesaid with contract demand of 20 MVA. You also handed over to WBSEB requisite open space for setting up one no. of 132/33 KV sub-station. As per the scheme finalised, power supply to your premises will be catered through one no. of 132 KV line bay to be installed at the proposed sub-station. You agreed to convey the said electricity at 132 KV from the said point of supply up to your premises through 132 KV U.G. cable feeder.

In view of anticipated delay in setting up of the said sub-station, WBSEB took prompt action to erect 132 KV feeder from Board's Midnapur 220/132 KV EHV sub-station source up to the gantry structure at the proposed sub-station and the said 132 KV feeder has already been energised and lying in readiness to cater your requirement of power since 1st week of September, 2006.

But we note that although you have executed Agreement with the Board on 21/08/06, you have not yet furnished requisite security deposit till date. During recent visit of the undersigned at your premises, it has been given to understand that you will be in a position to receive the power supply at 132 KV by the end of current month.

In view of above we would request you to please arrange for furnishing the requisite security deposit immediately, so that power supply at 132 KV to your premises may be switched on without any further delay.

Yours faithfully,

(P. K. Bagchi)

Chief Engineer (Commercial).
