**Project ID 191, 4×50 MW Dayingjiang- 3 Hydropower Project Phases 1&2: VCS Verification
Approval request denied.**

Dear Yinggui Yi and TUV NORD CERT GmbH,

Verra has denied the VCS Verification Approval requested for the project ID 191, 4×50 MW Dayingjiang- 3 Hydropower Project Phases 1&2 (Monitoring Period: 01 January 2012 – 31 March 2016) in accordance with Section 4.3 of the *Registration and Issuance Process*, v4.4. The project status has been updated to *On Hold* – see *notification letter*. Note the project has not been rejected.

Verra did not receive a response from the validation/verification body within 60 days of the date the project review report was issued, which is the maximum number allowed under Section 4.3.5(4) of *Registration and Issuance Process*, v4.4.

Next, the account holder may submit a new request no sooner than 3 months from the date of this letter, as follows:

1. Submit a new VCS Verification Approval request via email to registry@terra.org.

The project will be rejected if a new request is not submitted within one year of denial or if the findings are not addressed to the satisfaction of Verra after two denials.

This letter will be made public on the Verra Registry.

Sincerely,

Neha Rao Negi
Director, Energy and Industry, VCS Program Management
Verra
