

Date : 11-07-2024

Dear VERRA Team,

I am writing to respectfully request an extension for the application of the renewal of the crediting period i.e., "18-August-2022 to 17-August-2032" and verification for our project VCS_1315. I understand that the standard deadline for this renewal is approaching for the project, but due to unforeseen circumstances, we are seeking a brief extension to ensure the accurate and thorough completion of the renewal process.

The project require extension is as follows-

Project ID	Project title	Deadline for applying for renewal	Extension required
VCS 1315	Biomass based cogeneration plant at Godrej Agrovet Ltd. Chintampalli	17-August-2024	17-October-2024

We recognize the importance of meeting deadlines and complying with regulatory requirements. However, the extraordinary circumstances we have faced necessitate this extension to submit a high-quality, comprehensive application that upholds our commitment to environmental sustainability and accountability.

We are dedicated to ensuring the continued success of our project within the framework of Verra's standards and guidelines. Therefore, we kindly ask for your understanding and consideration as we request an extension to finalize and submit the renewal application in a diligent and meticulous manner.

We sincerely appreciate your attention to this matter and are committed to working closely with the Verra team to meet all necessary obligations and uphold the integrity of our project.

Thank you for your understanding and support. We look forward to your favourable consideration of our request for an extension.
