6. Carbon changes & sequestration

Tick the relevant boxes below if you have made changes to land use, tillage, or cover/catch cropping in your assessment area during the last 20 years.

Has any part of this field been converted between arable land, grassland or forest in the last 20 years?

Have you changed your tillage practices in this field during the last 20 years?

Have you started or stopped growing cover or catch crops in the last 20 years?

6.1 Out of crop biomass changes

Add annual changes for the biomass of trees growing within or immediately adjacent to the field assessment area.
