**Project 2342, Installation of high efficiency wood burning cookstoves in Malawi: SD VISTa
Verification approval request denied
Monitoring period: 05 JUL 2020 – 28 FEB 2023**

Dear Carbon Check (India) Private Ltd. and Erin,

Verra has denied the above project request for the reason given below. The project status has been updated to **Verification approval request denied in the SD VISTa Program**. For your reference, the procedure for project request denial and submission of any new request is described in the *VCS Registration and Issuance Process, v4.6, Section 4.3.6- 4.3.12*.

Verra did not receive a response from Carbon Check (India) Private Ltd. within 60 days of the date the project review report was issued.

Next steps

- If the project proponent and the validation/verification body (VVB) wishes to pursue verification of this case under the SD VISTa Program in the future, a new project request may be submitted as follows:
 1. Upload the revised project documents to the Verra Registry,
 2. Submit a new project request via email to registry@verra.org.
 3. Pay the SD VISTa *Project registration request review fee*.

The new request will be processed according to Section 4.3.1, *Registration and Issuance Process, v4.6*.

This letter will be posted publicly on the Verra Registry.

Sincerely,
Verra
