¹ The intention is that a VCU will be issued following acceptance of the Verification Report for the Project. For some types of AFOLU projects in particular, the verification cycle may be longer than 6 years. In this regard, if the second Verification Report shows a VCU has been erroneously issued Verra will have an additional 12 months to deal with that issue. Note also that where a VCU is erroneously issued from the last Verification Report of the Project, Clause 2.5(a) applies.
