## KEY PROJECT INFORMATION

GS ID of PoA	GS 11189
Title of PoA	Improved Cookstove and Safe Water Programme
GS ID (s) of C/VPA (s) submitted at PoA Preliminary Review	-
Version number of the DCR	1.1
Completion Date of version	25/05/2022
Time of First Submission Date	02/07/2021
Tentative Implementation date of the Programme	01/01/2021
Design Consultation Start and End Date	14/05/2021-18/06/2021
Date of any Physical Meeting (s)	Not applicable, the design consultation for the PoA was conducted virtually

## SECTION A. DESIGN OF STAKEHOLDER CONSULTATION

### A.1. Description of the consultation methods used

>>

The design consultation was conducted using electronic media (emails, phone calls and WhatsApp messages)<sup>1</sup> along with physical letters sent out to few stakeholders not having access to electronic media. The Design Consultation involved inviting comments/feedback on the project design, from the following categories of stakeholders as defined in the GS4GG STAKEHOLDER CONSULTATION AND ENGAGEMENT GUIDELINES version 1.2, Oct 2019:

- Local people, communities, impacted by the project and official representatives
- Local policy makers and representatives of local authorities
- National government officials or National Focal bodies responsible for the project in the host country, for example, Designated National Authority (DNA)
- Local non-governmental organizations working on topics relevant to the PoA
- Host country DNA
- Research organizations/institutes working on the technology involved in the PoA
- Renewable energy/energy development nodal agencies
- GS NGO Supporters (present in that host country) + International GS NGO Supporter NGOs
- Other relevant local NGOs of the host country

In consultation, a project key information note (PIN) for the PoA was provided to all stakeholders along with a feedback questionnaire. The initial invitation to relevant stakeholders was shared via email and phone calls on 14/05/2021, providing them a period of 30 days for submitting their comments, reviews and feedback, if any. Follow up / reminder emails were sent to the identified stakeholders on 09/06/2021 to encourage maximum participation. Finally, the feedback window was closed on 18 June 2021 (giving additional 5 days to stakeholders to respond). The CME finally shared a thankyou note and official DC closure email to all stakeholders on 01/07/2021, thanking to all stakeholders for their participation. The project key information note copies were also available at the offices of CME/CPA Implementer to encourage visiting stakeholders to submit their feedback, if any.

---

<sup>1</sup> ["GS4GG Programme of Activity Requirements" V1.2, dated October 2019 states the following:](#)

[6.1.2 - "The PoA level consultation i.e., PoA Design Consultation is mandatory and is conducted to obtain feedback from governments, relevant national authorities, NGO communities, and other stakeholders on the design of the PoA. The PoA design consultation does not necessarily require a live meeting....."](#)

[6.1.7 - "In cases where only PoA level consultations are being conducted, a physical meeting for stakeholders is required at the PoA level in parallel to the design consultation. The physical meeting shall be followed by a Stakeholder Feedback Round at PoA level....."](#)

[As per clause 6.1.2 above, as part of the PoA level consultation, CME conducted the mandatory Design Consultation to obtain the feedback from relevant stakeholders. Given 6.1.2 does not mandate a physical/live meeting for PoA and both PoA level and VPA level consultations have been conducted by CME, hence it is not required to conduct a physical meeting for the PoA Design consultation.](#)

**Deleted:** The Physical Stakeholder Consultation Meeting was not possible to conduct due to COVID-19. The PP has applied Interim Measures as specified in COVID 19: INTERIM MEASURES, v3-18.12/2020

The comments received from the various stakeholders are listed out in Section B.1. No negative comments were received from any stakeholder regarding the PoA and the stakeholders were appreciative of the PoA and CME's efforts.

## A. 2. Information Made Available to Stakeholders

>>

A non-technical summary / Project Key Information Note was shared with the relevant stakeholders. Refer Appendix 1 of this report for NTS-English and Appendix 2 of this report for NTS-Swahili.

## A.3. Invitation/consultation tracking table

Host Country: Kenya

## Sample Initial Email Invitation:

Julie Gibson <admin@impactcarbon.org>

---

### Feedback Requested: Design consultation for new cookstove and safe drinking water program in Kenya

---

Impact Carbon Admin <admin@impactcarbon.org> Fri, May 14, 2021 at 8:31 PM  
To: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: nixmenjo@gmail.com, kepshanationalchairman@gmail.com, jwgakunga@gmail.com, cbtanui@gmail.com,

Dear Stakeholders,

Greetings from Impact Carbon/ Impact Water!

Impact Carbon (IC) and Impact Water (IW) are developing a new Gold Standard (GS4GG) Programme of Activities titled: Improved Cookstove and Safe Water Programme, (GS ID: GS 11189). The PoA aims at disseminating improved cookstoves (ICS) and water purification devices (WPS) products to households / communities and institutions in various countries in Africa starting with Kenya and Nigeria.

The project units distributed under the PoA shall help in addressing the growing concern of affordable access to safe and clean technologies in the project countries.

As a valued stakeholder to the PoA, you are requested to participate in the Design Consultation and Stakeholder Consultation to give your kind feedback.

Please find attached the Non-Technical Summary (NTS) and Feedback form annexed to the same together in English and Swahili. We welcome your thoughts and suggestions and cordially request you to fill the form to share your views on this project.

You are kindly requested to provide us with your valuable feedback within 30 days from the date of receipt of this mail / letter.

If you have any questions, please don't hesitate to ask.

Regards,  
Mark Turgesen  
Country Director - Kenya

## Sample Reminder Email Invitation:

Julie Gibson <admin@impactcarbon.org>

---

### Kind reminder to provide us with feedback: Design consultation for new cookstove and safe drinking water program in Kenya

Impact Carbon Admin <admin@impactcarbon.org> Wed, Jun 9, 2021 at 10:46 AM  
To: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: nixmenjo@gmail.com, ndoropet@gmail.com, kepshanationalchairman@gmail.com, jwgakunga@gmail.com,

Dear Stakeholder,

This is a kind reminder to review and submit the attached survey. Your feedback is highly appreciated. If you have already sent a filled out survey form, then we thank you for giving us your time and perspective.

We look forward to hearing from you before **June 18th** when we plan to conclude our outreach with stakeholders with regards to consultation to the design of our program.

Best Regards,  
Mark

## Closure Email Notification:

Julie Gibson <admin@impactcarbon.org>

---

### Design consultation feedback for new cookstove and safe drinking water program KENYA - closed

Impact Carbon Admin <admin@impactcarbon.org> Thu, Jul 1, 2021 at 2:15 PM  
To: Julie Gibson <admin@impactcarbon.org>  
Cc: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: jkkaga16@gmail.com, paulmwo@yahoo.com, cdewajircounty@gmail.com, cdemanderacounty@gmail.com,

Dear Valued Stakeholder,

We thank you for your time and feedback. We have noted all the recommendations and suggestions. We have closed the design consultation feedback round on 18/06/2021.

Thanks, again!

Best Regards,

Mark Turgesen  
Director of Global Development

**Host Country: Nigeria**

**Initial Email Invitation:**

Julie Gibson <admin@impactcarbon.org>

**Feedback Requested: Design consultation for new cookstove and safe drinking water program in Nigeria**

Impact Carbon Admin <admin@impactcarbon.org> Fri, May 14, 2021 at 4:23 PM  
To: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: cuddleschildmindersschools@gmail.com, s.mariya@starfieldcollege.sch.ng, tundeakanbi2013@gmail.com,

Dear Stakeholders,

Greetings from Impact Carbon/ Impact Water!

Impact Carbon (IC) and Impact Water (IW) is developing a new Gold Standard (GS4GG) Programme of Activities titled: Improved Cookstove and Safe Water Programme, (GS ID: GS 11189). The PoA aims at disseminating improved cookstoves (ICS) and water purification devices (WPS) products to households / communities and institutions in various countries in Africa starting with Kenya and Nigeria.

The project units distributed under the PoA shall help in addressing the growing concern of affordable access to safe and clean technologies in the project countries.

As a valued stakeholder to the PoA, you are requested to participate in the Design Consultation and Stakeholder Consultation to give your kind feedback.

Please find attached the Non-Technical Summary (NTS) and Feedback form annexed to the same together in English language and local language. We welcome your thoughts and suggestions and cordially request you to fill the form to share your views on this project.

You are kindly requested to provide us with your valuable feedback within 30 days from the date of receipt of this mail / letter.

If you have any questions, please don't hesitate to ask.

Regards,  
Mark

**Reminder Email Invitation:**

Julie Gibson <admin@impactcarbon.org>

---

**Kind reminder to provide us with feedback: Design consultation for new cookstove and safe drinking water program in Kenya**

Impact Carbon Admin <admin@impactcarbon.org> Wed, Jun 9, 2021 at 10:51 AM  
To: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: cuddleschildmindersschools@gmail.com, s.mariya@starfieldcollege.sch.ng, tundeakanbi2013@gmail.com,

Dear Stakeholder,

This is a kind reminder to review and submit the attached survey. Your feedback is highly appreciated. If you have already sent a filled out survey form, then we thank you for giving us your time and perspective.

We look forward to hearing from you before **June 18th** when we plan to conclude our outreach with stakeholders with regards to consultation to the design of our program.

Best Regards,  
Mark

**Closure Email Notification:**

Julie Gibson <admin@impactcarbon.org>

---

**Design consultation feedback for new cookstove and safe drinking water program NIGERIA - closed**

Impact Carbon Admin <admin@impactcarbon.org> Thu, Jul 1, 2021 at 2:14 PM  
To: Julie Gibson <admin@impactcarbon.org>  
Cc: Mark Turgesen <mturgesen@impactcarbon.org>  
Bcc: orijinlomo@gmail.com, sadeosif@gmail.com, africanchurchbethelschool@gmail.com, akinyemi.ja@gmail.com,

Dear Valued Stakeholder,

We thank you for your time and feedback. We have noted all the recommendations and suggestions. We have closed the design consultation feedback round on 18/06/2021.

Thanks, again!

Best Regards,

Mark Turgesen  
Director of Global Development

**TEMPLATE**

**SECTION B. OUTCOME OF THE CONSULTATION PROCESS**

**B.1. Assessment of comments received**

**Host Country: Kenya**

Organization	Stakeholder comment	Was comment taken into account (Yes/No)?	Explanation (Why? How?)
Medionics Healthcare Limited	Positive in General, the stakeholder asked where the programme will be implemented	No action required	The PoA is planned for implementation in Kenya and Nigeria and may expand to other countries in Africa in future
Individual stakeholder	The PoA should include costs of producing these systems	Yes	The costs of devices is subsidized against future carbon credits arising out of use of the project devices. The costs of producing these systems is business sensitive information and cannot be disclosed publicly. However, if you are interested for partnering as manufacturer, then this may be discussed separately.
Individual stakeholder	Whatsapp forum could be used to spread more information to customers, use of local authorities will assist in implementation for example area chiefs	No action required	The PoA will be using multiple modes for more user access including whatsapp.

TEMPLATE- T-PreReview\_V1.1-Design-Consultation-Report

Fresh Life Initiative Limited	The systems should use less power so that customers don't struggle during blackouts.  What is the exact location	Yes	The products don't consume electricity (except UV) and hence their use is not compromised during blackouts.  The PoA location is Kenya and Nigeria and may expand to other countries.
Individual stakeholder	Android Mobile Application/Web technology should be involved.	Yes	This is already being planned for the PoA
Ministry of Environment	Appreciative in general	No action required	No action required
Nyalore Impact Limited	Suggest the programme to consider local technologies (ICS) and business in rural areas as well serving the underserved	Yes	The ICS and WPS, to the extent possible, will be locally manufactured. The PoA will create jobs for local community.
Ministry of Education	The project should capture more African countries	No action required	This is long terms plan of the PoA
Ministry of Education	Appreciative in general	No action required	No action required
Smart Kenya	Appreciative in general	No action required	No action required
Individual stakeholder	The project should capture entire Africa	No action required	This is long terms plan of the PoA
Kings Biofuels Ltd	Appreciative in general	No action required	No action required
Individual stakeholder	The project should capture more African countries	No action required	This is long terms plan of the PoA
Tetra Tech	Appreciative in general	No action required	No action required
