The VVB, in coordination with the project proponent, is hereby required to provide a response to the assessment findings presented in Section 1. The one assessment finding must be addressed to the satisfaction of Verra. =

This project review report will be made publicly available. Confidential information may be provided as separate attachments.

1. ASSESSMENT FINDINGS

Finding 1

Section 4.1.14 of the *VCS Standard, v4.0* states that the validation/verification body shall use the *VCS Verification Report Template...* and adhere to all instructional text within the template.

Section 3.3 of the *VCS Verification Report Template* instructs the VVB to identify any project description deviations applied to the project and describe the steps taken to validate each deviation.

Section 3.3 of the verification report does not discuss the project descriptions deviations.

The VVB is requested to update Section 3.3 of the verification report to identify the project description deviations and describe the steps taken to assess each deviation.

Verra Response:

The VVB has revised Section 3.3 of the verification report to include an assessment of the project description deviations. This finding is closed, and no further action is required.

2. MINOR FINDINGS

No minor findings were raised.

3. ASSESSMENT CONCLUSION

On 29 October 2021, Verra sent to project review report to KBS Certification Services Pvt. Ltd with one assessment finding on project description deviations.

On 5 November 2021, Verra assessed the revised verification report and closed all findings.
