Contact person	Orlando Ramirez
Contact Information	oramirez@icontec.org
Organization name	ICONTEC
Role in project	VVB
Date of submission	2025-07-19

EXEMPTION REQUEST DETAILS

Program	VCS
Program document	VCS Registration and Issuance Process
Program document version	v4.6
Section of program document	Section 4.3.6, numeral 4
Exemption request type	Deadline
Justification for exemption request	<p>Pursuant to section 1.2.1 (paragraph 1) of the Exemption Request Procedure v1.0, this exemption request is eligible because it seeks an extension to the deadline (60 days) that the OVV has to respond to the Verra Review Report; i.e., an exemption to section 4.3.6 (paragraph 4) of the VCS Registration and Issuance Process v4.6.</p> <p>Details:</p> <p>This exemption is necessary due to the receipt of a first Verra findings report on May 29, 2025 for Project ID 2610 - Unitán afforestation and reforestation of grazing lands project - VCS, which includes verification findings that, due to its complexity, cannot be addressed by the Project Proponent (PP) and assessed by ICONTEC within the 60-day timeframe set by the VCS Registration and Issuance Process v4.6</p> <p>The PP has informed ICONTEC that it is actively working to address the requirements outlined in the finding; so ICONTEC will respond to the Verra review report once it has conducted the conformity assessment of the project documents updated by the PP.</p> <p>In this context, we kindly request an extension of the deadline to respond to the review report until September 29, 2025. This will allow the PP sufficient time to complete the necessary modifications and for ICONTEC to conduct a thorough conformity assessment and submit the resolved report to the program.</p>
